

Transition Flow Chart

If your child is joining Henleaze Infant School...

Go through the usual School Admissions Process.

Book onto a school tour.

If you require additional information regarding the support of children with Special Educational Needs, request a tour with the SENCO

Januar

Once you start the Education Health

start school in the September.

Inform the SENCO of where you are in the process of your child being identified as having a Special Educational Need e.g. paediatrician involved, your child has an Individual Education Plan at preschool, or starting the process of having an Education Health Care Plan.

Care Plan (EHCP), invite the school to visit your child in their pre-school setting and to be involved in the EHCP assessment. (around the January before your child is due to

If your child requires additional support, the funding application, in most cases, is early May. This is done in conjunction with the preschool and named school. Information is required early to make the appropriate application.

June

Reception Keyworkers will visit local pre-school providers as part of usual transition. Additional visits will be made to those children who have additional needs if appropriate.

An appropriate induction for September will be discussed to enable your child to have a happy start to their schooling.

As part of the usual transition process you will be invited to a new parents meeting and your child is invited to 2 story sessions in the summer term.
