Dear Parent/Carer,

Our remote parent's evenings were a success with teachers appreciating the opportunity to meet with you to share progress, information and continue to build important parental partnerships. Feedback from staff was that the use of technology did not lessen the experience and we hope that you found the same. We encourage you to contact teachers using class email accounts too during the school week if you have any questions or concerns between planned parent meetings.

Our week has ended on a bright and fun note with lots of spots, stripes and ears worn in our fundraising efforts for Children in Need. The day started with Joe Wickes PE to remind us of the importance of exercise to maintain well-being and in class assemblies, children reflected on the work of Children in Need to support vulnerable children.

Throughout the week there has been a lot of excitement in Year 1 due to the introduction of some new villainous characters in the text 'Send for a Superhero'. I have heard much about their antics from the children and am looking forward to them being detained! Reception children have been branching out at lunchtime to the 'little playground' using a range of different toys and apparatus at lunchtime. There has been some lovely percussion music outside as well as evidence of the learning characteristics they have been exploring in class. We have seen lots of this week's Stickability Tortoise in construction play with some amazing structures from the big resources as well as in the classroom in reading. Year 2 have been imagining castle life and thinking about what jobs they might enjoy if they lived in medieval times. This ranged from being a knight so that

they could fight battles for land ownership, to being a court jester as they enjoy making people happy.

Celebration

Stars of the Week:

Class 1: Harry

Class 2: James

Class 3: James

Class 4: Thomas

Class 5: Aneesah

Class 6: Edith

Class 7: Hector

Class 8: Myla

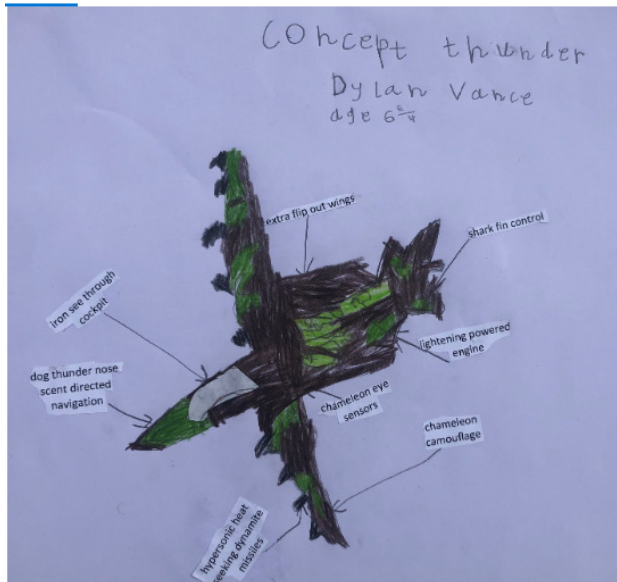

Class 9: Rory

Class of the week: Class 8 have shown fantastic engagement this week; in whole-class learning, pair-work and independent activities. I was also very impressed with the maths reasoning that I heard taking place when they were solving money problems.

Well done all of you for your fantastic achievements this week!

Celebrations beyond school:

Dylan in Class 8 entered and won an engineering design competition. His Concept Thunder designed is detailed and imaginative. No wonder it caught the judge's eye. Well done Dylan!

Ernie and Teddy in Classes 1 and 2 took part in their own fantastic fund-raising effort last weekend for The Royal British Legion. They stuck at it like the Stickability Tortoise to climb the many steps at Brean Down all the way to the fort in time to observe the two minute silence. In doing so they raised an amazing £340. Walking all that way in wet weather took great resilience and raised much-needed funds for an important cause. You should feel very proud.

Contact Jenny Booth if you are interested in donating through a justgiving page.
