

Risk Assessment

Henleaze Infant School

School operation from January 2021: response to Coronavirus (COVID-19). Issue 5.2 – March 2021

(Further detail is captured in the Background and Context description below)

March 8th updates in purple

Section 1:

Date of Assessment: 16.2.21	MAT/Establishment/Section/Team:	Review date: 21.4.21	
Assessed by: Please print names of all those involved with this assessment.	1.Gemma Fricker	Date:	1.3.21
	2.Beverly Stevens		
	3.Ruth Gibson		
	4.Sue Browne		
	5. Dave Galliers		
	1.	Date:	
	2.		

Staff signatures: Hard copy to be signed I/We have read and understood this RA and our role in its implementation.	3.		
	4.		

Contents:

Background, context and references

Part 1: Reopening schools from 1 September 2020

1A: Contact with those with symptoms of coronavirus: testing; 'Track and Trace'; outbreak response

1: B: Cleaning and hygiene

1:C: Minimising contact (social distancing)

1:D: Minimising contact (Social distancing) phase specific details

1: E: Use of personal protective equipment

1: F: School transport and travel arrangements

1: G: School workforce

1:H: Pupil wellbeing

1: I: Provision of first aid the administration of medication

1: J: Premises (including lettings)

1: K: Curriculum delivery: Music and PE

1: L: Social distancing in the wider school environment

1:M: Social distancing: Offices and shared staff areas

1: N: Afterschool and breakfast clubs

1:P: Public examinations

Part 2: Maintaining educational provision in the event of a local outbreak

Part 3: Arrangements for staff working from home in the event of a local outbreak

Background, Context & References:

Background, Context & References: Re-opening schools to all pupils from 8 March 2021

From 8 March 2021 schools are required to re-open to all pupils.

This risk assessment is based on the implementation of government guidance set out in [Schools coronavirus \(COVID-19\) operational guidance \(publishing.service.gov.uk\)](https://www.publishing.service.gov.uk/guidance/2021-02-22-schools-coronavirus-covid-19-operational-guidance) published on 22 February 2021.

The guidance states that: We have worked closely with the Department of Health and Social Care (DHSC) and PHE to develop this guidance. Based on the recent ONS data, the risks to education staff are similar to those for most other occupations. Implementing the system of controls, creates a safer environment for pupils and staff where the risk of transmission of infection is substantially reduced. The way to control this virus is the same, even with the current new variants. We are further strengthening the measures, to provide more reassurance and to help decrease disruption the virus causes to education. You must comply with health and safety law and put in place proportionate control measures.

To meet these obligations you must:

- *review your health and safety risk assessments in light of this refreshed guidance*
- *make any necessary changes to your control measures applying the system of controls*

As the system of controls published on 22 February 2021 is very similar to that set out in the Guidance for full opening of schools set out in September 2020 (albeit with subsequent amendments) this risk assessment is based on previous risk assessments provided by Delegated Services. **WE WILL REVIEW THE CONTROL MEASURES CAREFULLY TO ENSURE THAT THEY REMAIN IN PLACE AND CONTINUE TO BE SUFFICIENT FOR THE LOCKDOWN PERIOD.**

We have adapted this risk assessment in consultation with relevant partners including trade union representatives where available. In line with government guidance to other businesses that are advised to go back to work, this risk assessment will be made publicly available to those who wish to see it. The same guidance also provides those employers with a downloadable notice which we have placed on display.

https://assets.publishing.service.gov.uk/government/uploads/system/uploads/attachment_data/file/903464/staying-covid-19-secure-2020-230720.pdf

The system of controls: protective measures

The system of controls set out in the Operational guidance for schools [Schools coronavirus \(COVID-19\) operational guidance \(publishing.service.gov.uk\)](https://www.publishing.service.gov.uk/government/uploads/system/uploads/attachment_data/file/903464/schools-coronavirus-covid-19-operational-guidance.pdf) provides a set of principles for infection control .

“We know that the predominant new variant of coronavirus (COVID-19) is more transmissible however, PHE advice remains that the way to control this virus is with the system of controls, even with the current new variants. In this section where something is essential for public health reasons, as advised by Public Health England (PHE), we have said ‘must’. Where there is a legal requirement we have made that clear. This guidance does not create any new legal obligations. This is the set of actions you must take. They are grouped into ‘prevention’ and ‘response to any infection’. If you follow the system of controls, you will effectively reduce risks in your setting and create an inherently safer environment. These additional measures will be reviewed in partnership with health experts to decide whether evidence suggests that these measures can be eased ahead of the summer term”.

.System of controls

This is the set of actions schools must take. They are grouped into ‘prevention’ and ‘response to any infection’ and are outlined in more detail in section 2.

NOTE ADDITION (No9) & CHANGES TO THE WORDING OF THE HIERARCHY OF CONTROLS BELOW.

Prevention

- 1) **Minimise contact with individuals who are unwell by ensuring that those who have coronavirus (COVID-19) symptoms, or who have someone in their household who does, do not attend school.**
- 2) **Ensure face coverings are used in recommended circumstances.**
- 3) **Ensure everyone is advised to clean their hands thoroughly and more often than usual.**
- 4) **Ensure good respiratory hygiene by promoting the 'catch it, bin it, kill it' approach.**
- 5) **Maintain enhanced cleaning, including cleaning frequently touched surfaces often, using standard products such as detergents.**
- 6) **Consider how to minimise contact between individuals and maintain social distancing wherever possible.**
- 7) **Keep occupied spaces well ventilated.**

In specific circumstances:

- 8) **Ensure individuals wear appropriate personal protective equipment (PPE) where necessary**
- 9) **Promote and engage in asymptomatic testing, where available.**

Numbers 1-7 must be in place in all schools, all the time

Response to any infection

- 10) Promote and engage with the NHS Test and Trace process.
- 11) Manage confirmed cases of coronavirus (COVID-19) amongst the school community.
- 12) Contain any outbreak by following local health protection team advice.

Numbers 10 to 12 must be followed in every case where they are relevant.

We have a contingency plan for the continued remote education of pupils who are self-isolating available here:

<https://docs.google.com/document/d/1F3j6wuXE6oZfpnfFKrL1BSAfg0e6xEVBxg38YJC2mnU/edit?usp=sharing>

Section 2:

What is the Task/Activity or Environment you are assessing?	What Hazards are present or may be generated? (Use a row for each one identified)	Who is affected or exposed to hazards?	What Severity of Harm can reaso	What Precautions (Existing Controls) are already in place to either Eliminate or Reduce the risk of an accident happening?	What Likelihood is there of an accident	What is the Risk Rating? (See Table 2 and 3)
-------------------------------------------------------------	-----------------------------------------------------------------------------------	----------------------------------------	---------------------------------	----------------------------------------------------------------------------------------------------------------------------	-----------------------------------------	----------------------------------------------

			nably be expec ted? (See Table 1)		occurring ? (See Table 1)	
1.A: Contact with those with symptoms of coronavirus: Testing: Track and Trace; Outbreak response						
Contact with infected persons/ exposure to the virus within the school.	Person contracts coronavirus as a result of direct contact with an infected person (or a symptomatic person) entering the premises.	Pupils and staff	Serious	<p>If anyone in the school becomes unwell with a new and persistent cough or a high temperature, or has a loss of or change in, their normal sense of taste or smell (anosmia), they must stay at home and are advised to follow guidance for households with possible or confirmed coronavirus (COVID-19) infection, which sets out that they should self-isolate for that day and the following 10 full days and should arrange to have a test to see if they have coronavirus (COVID-19).</p> <p>Those affected must follow government stay at home guidance as follows: https://www.gov.uk/government/publications/covid-19-stay-at-home-guidance/stay-at-home-guidance-for-households-with-possible-coronavirus-covid-19-infection</p> <p>Temperature testing is not recommended on its own. Guidance states that it is not a reliable method for identifying coronavirus.</p> <ul style="list-style-type: none"> • Parents issued specific school protocols for school attendance for them to explain to their children; • Parents of SEN children or those with care plans are individually consulted in order 	Medium	

				<p>that plans are reviewed to include any new safety measures;</p> <ul style="list-style-type: none"> • Staff are briefed and consulted on school procedures and the plans for re-entry of children; • Employees have had sufficient training and briefing regarding infection control and school protocols; 		
	Contact with those developing symptoms of the virus during the working day.	Pupils and staff	Serious	<p>Our procedure for those developing symptoms of the virus during the school day is set out above. Affected staff will be sent home and advised to obtain a PCR test (school can support with this).</p> <p>Most recent guidance re: What to do if a pupil is displaying signs of coronavirus has been shared with relevant staff and is on display.</p> <p>Symptomatic children action list schools (publishing.service.gov.uk)</p> <p>will</p> <p>If a child is awaiting collection, they will be moved, via a route involving the shortest possible internal distance (i.e., including an outside route where possible) if possible, to xxx ROOM NAME/NUMBER where they can be isolated behind a closed door, depending on the age of the child and with appropriate adult supervision if required. Ideally, a window will be opened for ventilation. If it is not possible to</p>	Medium	

			<p>isolate them, we will move them to an area which is at least 2 metres away from other people.</p> <p>If they need to go to the bathroom while waiting to be collected, we endeavour that they will use a separate bathroom if possible. The bathroom will be cleaned and disinfected using standard cleaning products before being used by anyone else.</p> <p>PPE will be worn by staff caring for the child while they await collection if a distance of 2 metres cannot be maintained (such as for a very young child or a child with complex needs).</p> <p>In an emergency we will call 999 if they are seriously ill or injured or their life is at risk. We will not suggest a visit to the GP, pharmacy, urgent care centre or a hospital.</p> <p>Any member of staff who has provided close contact care to someone with symptoms, while wearing PPE and all other members of staff or pupils who have been in close contact with that person with symptoms, if wearing a face covering, do not need to go home to self-isolate unless:</p> <ul style="list-style-type: none">· The symptomatic person subsequently tests positive· They develop symptoms themselves (in which case, they should arrange to have a test)· They are requested to do so by NHS Test and Trace or the PHE advice service (or PHE local health protection team if escalated).		
--	--	--	-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------	--	--

				<p>Staff are instructed to wash their hands thoroughly for 20 seconds after any contact with someone who is unwell. We will clean the affected area with normal household disinfectant after someone with symptoms has left to reduce the risk of passing the infection on to other people. See https://www.gov.uk/government/publications/covid-19-decontamination-in-non-healthcare-settings/covid-19-decontamination-in-non-healthcare-settings</p>		
Use of face coverings	Failure to use face covering in areas where it is difficult to maintain social distancing increases the likelihood of exposure to coronavirus in the school community.	Pupils and staff	Serious	<p>Government guidance is as follows:</p> <p><i>Primary schools:</i></p> <p><i>In primary schools, we recommend that face coverings should be worn by staff and adult visitors in situations where social distancing between adults is not possible (for example, when moving around in corridors and communal areas). Children in primary school do not need to wear a face covering.</i></p> <p>https://www.gov.uk/government/publications/face-coverings-in-education/face-coverings-in-education</p> <p>At Henleaze Infant School face coverings will be worn and by staff and all visitors in common areas during the school day.</p> <p>Staff working within 2m of a child for more than 15 minutes should wear a face covering.</p> <p>Staff working with pupils across different groups, should maintain a 2m distance wherever possible, and if in close proximity should wear a face covering.</p>	Low	

			<p>School will provide face coverings with transparent panels to aid teaching.</p> <p>We have advised staff that face visors or shields should not routinely be worn as an alternative to face coverings. They may protect against droplet spread in specific circumstances but are unlikely to be effective in preventing aerosol transmission, and therefore in a school environment are unlikely to offer appropriate protection to the wearer.</p> <p><i>Government guidance states Transparent face coverings, which may assist communication with someone who relies on lip reading, clear sound or facial expression to communicate, can also be worn. There is currently very limited evidence regarding the effectiveness or safety of transparent face coverings, but they may be effective in reducing the spread of coronavirus (COVID-19).</i></p> <ul style="list-style-type: none">● Lunch and breakfast club staff are asked to wear face coverings indoors● Face coverings must be worn by staff and parents if an essential face-to-face meeting is held inside school.● Site staff will wear face coverings inside the school building during school hours.● We have asked parents/carers to wear face coverings outside where it is not possible to maintain a 2m social distance/ at all times on the school site. <p>Governors have approved this approach.</p>		
--	--	--	--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------	--	--

				<p>This approach has been explained to parents carers in newsletters.</p> <p>In cases of non-compliance the member of SLT on duty will remind those not wearing masks of the requirement to do so.</p> <p>In the case of continued non-compliance this will be followed up by letter reiterating our approach.</p> <p>Further non-compliance will lead to the headteacher sending a Final Warning Letter</p> <p>As a last resort the headteacher and in the case of further non cooperation, in consultation with the MAT/LA, will consider the potential of approaching DS and activating the ‘Landlord Right’ to warn the parent/carer and then, if necessary, proportionally ban them from the school site, backed by potential criminal sanction under section 47 of the Education Act 1996.</p>		
Safe wearing and removal of face coverings	Potential of contamination if face coverings are removed or disposed of incorrectly.	staff	Seriou s	<p>A process is in place for removing face coverings when those who use face coverings arrive at school, and when face coverings are worn at school in certain circumstances. This process has been communicated clearly to staff.</p> <p>Safe wearing of face coverings requires cleaning of hands before and after touching – including to remove or put them on – and the safe storage of them in individual, sealable plastic bags between use. Where a face covering becomes damp, it should not be worn and the face covering should be replaced carefully.</p>	Low	
	Staff do not have face covering. Face covering is damaged or otherwise unsuitable for use.	staff	Seriou s	<p>It is reasonable to assume that staff and young people will now have access to face coverings due to their increasing use in wider society, and Public Health England has made available resources on how to make a simple face covering. <i>Face coverings required for First Aid, personal care or admin of medication will be supplied by school.</i></p> <p>Weekly audits of stock are made</p>	Low	

	Staff or visitors exempt from wearing a face covering	Staff and Visitors	Serious	<p>Some individuals are exempt from wearing <u>face coverings</u>. This applies to those who:</p> <ul style="list-style-type: none"> cannot put on, wear or remove a face covering because of a physical or mental illness or impairment or disability speak to or provide assistance to someone who relies on lip reading, clear sound or facial expression to communicate <p>The same exemptions will apply in our school; we will ensure that staff and students are aware of this and are sensitive to those needs.</p>	Low	
Engagement with the NHS Track and trace Process	Failure to follow PHE/ NHS Track and Trace procedures increases the likelihood of exposure to coronavirus in the school community. Anxiety and dissent within the school community	Pupils and staff	Serious	<p>Relevant staff understand the NHS Test and Trace process and how to contact their local Public Health England health protection team. We will ensure that staff members and parents/carers understand that they will need to be ready and willing to:</p> <ul style="list-style-type: none"> book a test if they are displaying symptoms. Staff and pupils must not come into the school if they have symptoms, and must be sent home to self-isolate if they develop them in school. All children can be tested, including children under 5, but children aged 11 and under will need to be helped by their parents/carers if using a home testing kit provide details of anyone they have been in close contact with if they were to test positive for coronavirus (COVID-19) or if asked by NHS Test and Trace <u>self-isolate</u> if they have been in close contact with someone who develops coronavirus (COVID-19) symptoms or someone who tests positive for coronavirus (COVID-19) 	Low	

			<p>Anyone who displays symptoms of coronavirus (COVID-19) can and should get a test. Tests can be booked online through the NHS testing and tracing for coronavirus website, or ordered by telephone via NHS 119 for those without access to the internet. Essential workers, which includes anyone involved in education or childcare, have priority access to testing.</p> <p>The government will ensure that it is as easy as possible to get a test through a wide range of routes that are locally accessible, fast and convenient.</p> <p>Home test kits are available in school and will be offered in the exceptional circumstance that we believe an individual may have barriers to accessing testing elsewhere. We note that it is for schools to determine how to prioritise the distribution of their test kits in order to minimise the impact of the virus on the education of their pupils, and will therefore provide these to staff or pupils on the basis of an agreed set of criteria to be determined by the school.</p> <p>https://www.gov.uk/government/publications/coronavirus-covid-19-home-test-kits-for-schools-and-fe-providers/coronavirus-covid-19-home-test-kits-for-schools-and-fe-providers</p> <p>We will ask parents and staff to inform us immediately of the results of a test:</p> <ul style="list-style-type: none">• if someone tests negative, if they feel well and no longer have symptoms similar to coronavirus (COVID-19), they can stop self-isolating. They could still have another virus, such as a cold or flu – in which case it is still best to avoid contact with other people until they are better.		
--	--	--	------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------	--	--

				<p>Other members of their household can stop self-isolating.</p> <p>If someone tests positive, they should follow the ‘stay at home: guidance for households with possible or confirmed coronavirus (COVID-19) infection’ and must continue to self-isolate for at least 10 days from the onset of their symptoms and then return to school only if they do not have symptoms other than cough or loss of sense of smell/taste. This is because a cough or anosmia can last for several weeks once the infection has gone. The 10-day period starts from the day when they first became ill. If they still have a high temperature, they should keep self-isolating until their temperature returns to normal. Other members of their household should continue self-isolating for the full 10 days</p>		
Lateral Flow Testing	Lateral Flow Testing process is not implemented correctly leading to inaccurate results and/or inadequate follow up of positive test results	Pupils and staff	Serious	<p>Our school workforce (including regular contractors and visitors) has the opportunity to participate in lateral flow testing twice a week.</p> <p>A separate risk assessment is in place to cover the arrangements for Lateral Flow Testing.</p>	Low	
Management of confirmed cases of coronavirus	Failure to follow PHE/ NHS Track and Trace procedures increases the likelihood of exposure to coronavirus in the school community.	Pupils and staff	Serious	<p>Records will be kept of all visitors with sufficient detail to support rapid contact tracing if required by NHS Test & Trace.</p> <p>We will take swift action if we become aware that someone</p>	Low	

	<p>Anxiety and dissent within the school community</p>		<p>who has attended has tested positive for coronavirus (COVID-19).</p> <p>We will follow advice issued by our Local Authority and contact the local health protection team. This team will also contact schools directly if they become aware that someone who has tested positive for coronavirus (COVID-19) attended the school – as identified by NHS Test and Trace.</p> <p>Alternatively, we will call the Department for Education’s existing coronavirus (COVID-19) helpline number on 0800 046 8687, and selecting option 1. The advice service is open Monday to Friday from 8am to 6pm and 10am to 4pm on Saturdays and Sundays. The call will be with a dedicated team of advisors who will inform the setting of what action is needed based on the latest public health advice.</p> <p>The health protection team will carry out a rapid risk assessment to confirm who has been in close contact with the person during the period that they were infectious, and ensure they are asked to self-isolate.</p> <p>The health protection team will work with schools in this situation to guide them through the actions they need to take. Based on the advice from the health protection team, we will send home those people who have been in close contact with the person who has tested positive, advising them to self-isolate for 10 days since they were last in close contact with that person when they were infectious. Close contact means:</p> <ul style="list-style-type: none"> · direct close contacts - face to face contact with an infected individual for any length of time, within 1 metre, including being coughed on, a face-to-face conversation, or unprotected physical contact (skin- 		
--	--------------------------------------------------------	--	-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------	--	--

			<p>to-skin)</p> <ul style="list-style-type: none">· proximity contacts - extended close contact (within 1 to 2 metres for more than 15 minutes) with an infected individual· travelling in a small vehicle, like a car, with an infected person <p>The health protection team will provide definitive advice on who must be sent home. To support them in doing so, we will keep a record of pupils and staff in each group, and any close contact that takes places between children and staff in different groups). This should be a proportionate recording process. Schools do not need to ask pupils to record everyone they have spent time with each day or ask staff to keep definitive records in a way that is overly burdensome.</p> <p>We note that a template letter will be provided to schools, on the advice of the health protection team, to send to parents and staff if needed. Schools must not share the names or details of people with coronavirus (COVID-19) unless essential to protect others.</p> <p>Household members of those contacts who are sent home do not need to self-isolate themselves unless the child, young person or staff member who is self-isolating subsequently develops symptoms. If someone in a class or group that has been asked to self-isolate develops symptoms themselves within their 10-day isolation period they should follow 'stay at home: guidance for households with possible or confirmed coronavirus (COVID-19)</p>		
--	--	--	----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------	--	--

			<p>infection’. They should get a test, and:</p> <p>if the test delivers a negative result, they must remain in isolation for the remainder of the 10-day isolation period. This is because they could still develop the coronavirus (COVID-19) within the remaining days</p> <ul style="list-style-type: none">· if the test result is positive, they should inform their setting immediately, and must isolate for at least 10 days from the onset of their symptoms (which could mean the self-isolation ends before or after the original 10-day isolation period). Their household should self-isolate for at least 10 days from when the symptomatic person first had symptoms, following ‘stay at home: guidance for households with possible or confirmed coronavirus (COVID-19) infection’ <p>We note that schools should not request evidence of negative test results or other medical evidence before admitting children or welcoming them back after a period of self-isolation.</p> <p>Further guidance is available on https://www.nhs.uk/conditions/coronavirus-covid-19/testing-and-tracing/</p> <p>Where applicable we will advise temporary staff of their entitlement to Test and Trace Support Payments, noting that this support is only for the temporary staff who schools decide not to engage in home working and who are not being paid during self-isolation. To be eligible for a</p>		
--	--	--	-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------	--	--

				<p>Test and Trace Support Payment, the individual must be living in England, meet the eligibility criteria and be formally advised to self-isolate by NHS Test and Trace, who will provide the individual with an NHS Test and Trace Account ID.</p> <p>Claiming financial support under the Test and Trace Support Payment scheme - GOV.UK (www.gov.uk)</p>		
	Inadequate response to alerts provided by use of NHS COVID-19 App	Staff and visitors	Seriou s	<p>We note government guidance for use of the App in schools as set out below. https://www.gov.uk/government/publications/use-of-the-nhs-covid-19-app-in-schools-and-further-education-colleges/use-of-the-nhs-covid-19-app-in-schools-and-further-education-colleges</p> <p>Specifically that the agreed process for ensuring a setting is aware of a positive case, as set out in the guidance for full opening for schools and further education colleges in the autumn term, is still in place and is not changed by the introduction of the app.</p> <p>If we become aware that a student or member of staff has tested positive for coronavirus (COVID-19), we will contact PHE using agreed local procedures.</p> <p>Staff have been advised of the limitations of the app during working hours. School will record visitor, staff and pupil information as the primary system</p> <p>Where staff are required to keep their phones in lockers etc during the working day we have advised them to turn the tracking off whilst they are not in close proximity to their phone.</p>	Low	

<p>Containing any local outbreak</p>	<p>Failure to follow PHE/ NHS Track and Trace procedures increases the likelihood of exposure to coronavirus in the school community.</p> <p>Anxiety and dissent within the school community</p>	<p>Pupils and staff</p>	<p>Serious</p>	<p>We note that if schools have five or more confirmed cases within 14 days, or an overall rise in sickness absence where coronavirus (COVID-19) is suspected, they may have an outbreak, and must continue to work with their local health protection team who will be able to advise if additional action is required.</p> <p>In some cases, health protection teams may recommend that a larger number of other pupils self-isolate at home as a precautionary measure – perhaps the whole site or year group. If schools are implementing controls from this list, addressing the risks they have identified and therefore reducing transmission risks, whole school closure based on cases within the school will not generally be necessary, and should not be considered except on the advice of health protection teams.</p> <p>In consultation with the local Director of Public Health, where an outbreak in a school is confirmed, a mobile testing unit may be dispatched to test others who may have been in contact with the person who has tested positive. Testing will first focus on the person’s class, followed by their year group, then the whole school if necessary, in line with routine public health outbreak control practice.</p> <p>We note the government publication of a temporary continuity direction which makes it clear that schools have a duty to provide remote education for state-funded school-age children</p> <p>https://assets.publishing.service.gov.uk/government/uploads/system/uploads/attachment_data/file/923539/Remote_Education_Temporary_Continuity_Direction_-_Explanatory_Note.pdf</p> <p>We have developed a contingency plan to ensure that the</p>	<p>Low</p>	
--------------------------------------	--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------	-------------------------	----------------	-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------	------------	--------------------------------------------------------------------------------------

				education of affected groups of pupils is maintained. This will include the provision of remote learning as set out in government guidance for the reopening of schools. This can be found in the staff Remote Learning folder in the shared folders of the Google Drive https://docs.google.com/document/d/1F3j6wuXE6oZfpnfFKrL1BSAfg0e6xEVBxg38YJC2mnU/edit?usp=sharing		
	Attendance at multiple settings (e.g. for Early Years attendance at LA and private provision on different days of the week).	Pupils and staff	Seriou s	We have advised parents that where possible they should limit the number of settings that their child attends. We recognise that there are some circumstances where a pupil will attend multiple settings (e.g.: as part of provision outlined in an EHP). Here we will work with the partner setting to address any risks identified to enable us to jointly deliver a broad and balanced curriculum to the pupil in question	Low	
1: B Cleaning and hygiene						
Hand hygiene	Poor hand hygiene increases the likelihood of infection from coronavirus	Pupils and staff	Seriou s	Opportunities are provided for staff and pupils to clean their hands with soap and water and dry thoroughly: <ul style="list-style-type: none"> ● on arrival at school ● after using the toilet ● after breaks and sporting activities ● before food preparation ● before eating any food, including snacks ● before leaving school ● after sneezing/coughing. Paper towels will be used to dry hands in preference to hand dryers. Bins available for disposal of paper towels will be emptied periodically during the day. Supervision by staff is provided as needed.	Low	

				Signage about how to wash hands properly, is on display and reinforced with pupils. Where sinks are not easily accessible from the room used by a 'group' of pupils' hand sanitiser will be available.		
Respiratory Hygiene	Poor respiratory hygiene increases the likelihood of infection from exposure to coronavirus.	Pupils and staff	Seriou s	Catch it, kill it, Bin it – tissues are available in all classrooms, staffroom and reception at a minimum. The message is reinforced with pupils. Bins are available for the disposal of used tissues.	Low	

Cleaning	Person contracts COVID 19 as a result of inadequate cleaning	Pupils and staff	Serious	<p>WE HAVE REVIEWED THE CLEANING ARRANGEMENTS SET OUT BELOW TO ENSURE THAT ALL HIGH-RISK AREAS ARE COVERED IN OUR SCHEDULE (DG, BS and GF 2.3.21). We have reviewed the cleaning specification with our cleaning contractor to ensure that this meets requirements set out in https://www.gov.uk/government/publications/covid-19-decontamination-in-non-healthcare-settings</p> <p>Where our own cleaners and/or additional staff are required to undertake cleaning duties we have ensured that they have received appropriate training and are provided with PPE, as set out in guidelines above. This also applies to other staff who may be asked to carry out cleaning duties during this period.</p> <p>We have identified cleaning of high-risk areas to be undertaken throughout the school day to include:</p> <ul style="list-style-type: none"> ● Door handles ● Kettles ● Taps ● Switches and key pads ● Laptops /PCs (school staff responsibility) ● Printers and photocopiers ● Staffroom/ food preparation ● Surfaces that pupils are touching e.g.: toys, books, chairs, tables, doors, sinks, toilets, bannisters, light switches, etc.(school staff responsibility) <p>As a minimum, frequently touched surfaces will be wiped down twice a day, and one of these should be at the beginning or the end of the working day. Cleaning will be more frequent depending on the number of people using the space, whether they are entering and exiting the setting and access to handwashing and hand-sanitising facilities. Cleaning of frequently touched surfaces is</p>	Low	
----------	--------------------------------------------------------------	------------------	---------	------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------	-----	--

			<p>particularly important in bathrooms and communal kitchens</p> <p>Our operational procedures document stating how this will be applied and inspected in practice has been shared with relevant staff and is available in the staffroom and in the health and safety folder on the school Google Drive</p> <p>(See also our separate risk assessment for Lateral Flow Testing)</p>		
--	--	--	--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------	--	--

Safe use of cleaning products	Inappropriate exposure to cleaning product results in allergic reaction/ poisoning etc Storage arrangements of cleaning product change increasing potential for unauthorised 'use' by pupils.	Pupils and staff	Serious	All staff involved in cleaning duties will receive training re: safe use and storage of cleaning materials. PPE will be provided for all cleaning activities. Safety data sheets for cleaning products are available. Only recommended cleaning products will be used. In the event of the need to use alternative spray containers due to supply-chain shortage; original product information must be displayed on the new container.	low	
	Use of hand sanitiser potential for improper use and ingestion.	Pupils and staff	Serious	We are providing/allowing the use of hand sanitisers that contain at least 60% alcohol. Children will use sanitiser under strict supervision. Recognising it is not possible to follow the hand wash advice everywhere, a hand sanitiser is next best and unless there's some allergy, and depending on the age of our pupils, they could use /ours under supervision through to it being 'dispensed' so the young, or over enthusiastic don't get carried away. We have obtained the Safety Data Sheet for the product(s)They advise on action to be followed if the sanitiser is not used as designed i.e. a child drinks some; it gets in eyes etc. This will also help with potential reactions to the product. We have and will secure adequate supplies of the product and provide it, especially in areas such as reception to the building.	Low	
Measures to reduce contamination from coronavirus.	Use of shared resources	Pupils and staff	Serious	Staff and pupils will have individual pens, pencils etc that are not shared. Support staff have an individual portable storage pack where requested Classroom based resources such as books and games will be shared within the 'group/bubble'; these will be cleaned frequently along with frequently touched surfaces. Resources that are shared between groups/bubbles will be cleaned frequently and between use by different	Low	

				groups/bubbles or rotated to allow them to be quarantined and out of reach for 48 hours (72 hours plastics). Staff have been advised that they must wash their hands and surfaces before and after handling pupils' books.		
	Items from home to school and vice versa	Pupils and staff	Serious	We are limiting the items that pupils bring in from home each day to essentials such as lunch boxes, hats, coats, stationery and mobile phones. Bags are allowed. Pupils and teachers can take books and other shared resources home although this will be limited. Rules on hand cleaning, cleaning of the resources and rotation will apply to these resources.	Low	
	Harder to clean items	Pupils and staff	Serious	We have removed soft furnishings, soft toys and toys that are harder to clean (such as those with intricate parts) from classrooms and teaching spaces until further notice. Where these remain, they will be subject to regular cleaning and disinfection.	Low	
	Items requiring laundry	Pupils and staff	Serious	We will ensure that all items that are laundered within the school e.g.: towels, flannels and bedding are washed in line with guidance on cleaning in non-healthcare settings and that these items are not shared by children between washes.	Low	
1:C Minimising contact (social distancing)						
Social distancing across the site	Too many people on site increases likelihood of exposure to coronavirus	Pupils and staff	Serious	We have taken the following measures to reduce footfall and maintain social distancing on site including: <ul style="list-style-type: none"> • Staggering opening and departure times • Opening up playgrounds etc, to increase opportunities for parents to wait separately 	Med	

				<ul style="list-style-type: none"> Entrances to classrooms that are further apart from each other to reduce build up of parents . Advising parents that only one person should attend to deliver/pick up their child. <p>Erected signage and barriers to remind those visiting the site of social distancing requirements</p>		
Social distancing for large groups of pupils.	Large groups of pupils and/or adults increase the likelihood of exposure to and transmission of coronavirus	Pupils and staff	Serious	Assemblies, performances, visiting groups etc will not take place until further notice. Youtube and Google Slides recordings are used as an assembly replacement	Low	
Visits for prospective parents	Large groups of adults increase likelihood of exposure to and transmission of coronavirus	Pupils and staff	Serious	<p>Essential visitors only will be permitted on site during the school day: These include outside agencies to support pupils with SEND, essential maintenance and parents when there is an urgent safeguarding scenario</p> <p>-If parents and carers are keen to visit in person, we will ensure:</p> <ul style="list-style-type: none"> face coverings are worn if required in line with arrangements for staff and other visitors to the school. there is regular handwashing, especially before and after the visit we hold visits after hours. If this is not possible, we will consider limiting visits to the outside play areas 	Low	

				<p>during regular hours, and ensure strict social distancing is observed</p> <ul style="list-style-type: none"> · Prior to a visit, we will ensure that parents and carers are aware: · of the system of controls · how this impacts them and their responsibilities during their visit · how to maintain social distancing from staff, other visitors, and children other than those in their care <p>Sign in for track and trace is required A virtual presentation will be provided for prospective parents and carers.</p>		
1:D Minimising contact (social distancing) Phase specific guidance.						
Grouping pupils of pupils and social distancing of pupils: Primary	Exposure to infection Classroom teaching Primary (including Reception classes)	Pupils and staff	Serious	<p>We will ensure pupils and staff, where possible, only mix in a small, consistent group(Reception class inside year group outside, KS1 class groups) and that that group stays away from other people and groups.</p> <p>With the exception of ‘proximal groups’ where the same large space will be occupied for lunch with adequate distancing and ventilation, different groups will not be mixed on the same or subsequent days. We will use the same staff each day as far as possible, allowing for job shares and PPA. Groups will use the same room or area of the school.</p> <p>We note the recommendation for the arrangement of classrooms with forward facing desks, but have prioritised the delivery of a broad and balanced curriculum in making decisions on classroom layout.</p> <p>Staff have been advised that they must maintain distance from pupils and other staff where possible. Supply and PPA</p>	Med	

			<p>staff have been requested to refrain from tasks that would compromise this advice. We will review the potential for delivering parts of the curriculum outdoors whilst maintaining separate groupings of pupils.</p> <p>Staff have been advised that they must maintain distance from pupils and other staff where possible. Ideally, adults should maintain 2 metre distance from each other and from children. We know that this is not always possible, particularly when working with younger children, but if adults can do this when circumstances allow that will help. In particular, they should avoid close face to face contact and minimise time spent within 1 metre of anyone.</p> <p>We note that when staff or children cannot maintain distancing, particularly with younger children in primary schools, the risk can also be reduced by keeping pupils in smaller groups.</p> <p>Staff working across groups will maintain rigorous social distancing, and where this is not possible will wear a face covering.</p> <p>THIS GUIDANCE IS REINFORCED ON A REGULAR BASIS PARTICULARLY WHERE STAFF WORK 'ACROSS' BUBBLES.</p> <p>We will review the potential for delivering parts of the curriculum outdoors whilst maintaining separate groupings of pupils.</p> <p>The rationale for our approach is set out in a separate operating procedure which will be retained for reference</p>		
--	--	--	---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------	--	--

				with this risk assessment. This can be found in the Health and Safety Folder on the Shared area of the Google Drive		
1: E Use of Personal Protective Equipment (A face covering is not PPE because they are not designed to protect the wearer from infection from coronavirus).						
Use of Personal Protective Equipment (PPE)	Incorrect use exacerbates the risk of further infection.	Pupils and staff	Serious	<p>We recognise that government guidance states: “The majority of staff in education settings will not require PPE beyond what they would normally need for their work, even if they are not always able to maintain a distance of 2 metres from others. PPE is only needed in a very small number of cases including:</p> <ul style="list-style-type: none"> • children, young people and students whose care routinely already involves the use of PPE due to their intimate care needs should continue to receive their care in the same way • if a child, young person or other learner becomes unwell with symptoms of coronavirus while in their setting and needs direct personal care until they can return home. A fluid-resistant surgical face mask should be worn by the supervising adult if a distance of 2 metres cannot be maintained. If contact with the child or young person is necessary, then disposable gloves, a disposable apron and a fluid-resistant surgical face mask should be worn by the supervising adult. If a risk assessment determines that there is a risk of splashing to the eyes, for example from coughing, spitting, or vomiting, then eye protection should also be worn” • Staff required to administer medication or First Aid to children outside of their ‘bubble’ will risk assess the need for PPE <p>We are complying with the above and are using our local supply chains to obtain PPE. We have noted where this is not possible, and there is unmet urgent need for PPE in</p>	Low	

				<p>order to operate safely, we may approach our local resilience forum.</p> <p>We will ensure that staff who are likely to have to support pupils in the circumstances identified above and potentially in the administration of some first aid have access to appropriate equipment and training in its correct use and disposal.</p> <p>See: https://assets.publishing.service.gov.uk/government/uploads/system/uploads/attachment_data/file/911313/PHE_quick_guide_to_donning_doffing_PPE_standard_health_and_social_care_settings.pdf</p>		
1: G School workforce See PART 3 of this risk assessment: Arrangements for staff working from home						
Staff wellbeing	Staff anxiety re: returning to work and potential exposure to the virus.	All staff	Serious	<p>Individual discussions have been/are held with staff to identify concerns/ barriers re: returning to work during full opening</p> <p>Individual discussions have been/are held with staff to identify concerns/ barriers re: returning to work. (NB: recognising that some could be experiencing bereavement, mental health issues, etc.).</p> <p>We have signposted to relevant counselling services. Including SAS through school insurance and the Education Support Partnership which provides a free helpline for school staff and targeted support for mental health and wellbeing.</p> <p>HR advice is available if required.</p> <p>We are working with the trade unions.</p> <p>https://www.hse.gov.uk/news/assets/docs/talking-with-your-workers.pdf</p> <p>NB: Retain for future reference with this risk assessment as an appendix.</p>	Low	

<p>Staff who may be at increased risk from coronavirus.</p>	<p>Staff anxiety Potential for staff to suffer serious illness if they contract coronavirus.</p>	<p>Staff in at risk group</p>	<p>Seriously potentially fatal</p>	<p>We recognise that some people with particular characteristics may be at comparatively increased risk from coronavirus (COVID-19), as set out in the COVID-19: review of disparities in risks and outcomes report.</p> <p>We will remain alert to the findings of this research and respond to any changes in guidance accordingly. If people with significant risk factors are concerned, we will discuss their concerns and explain the measures the school is putting in place to reduce risks. Where practically possible we will accommodate additional measures to support staff where appropriate. We have followed guidance from our employer re: the completion of an Equalities Impact Assessment in relation to the development of this risk assessment. We note that people who live with those who have comparatively increased risk from coronavirus (COVID-19) can attend the workplace.</p>	<p>Med</p>	
<p>Staff training</p>	<p>Staff are not aware or do not understand the requirements for working safely.</p>	<p>All staff</p>	<p>Seriously</p>	<p>In preparation for a full return on 1 September 2020 training and written instruction were provided re: operating procedures outlined in this risk assessment to all staff through staff meeting and work group briefings. Consultation with staff was used to guide update to operating procedures. These were reviewed and reissued on 5.3.21. These were reviewed most recently on 4.3..21</p> <p>This includes:</p> <ul style="list-style-type: none"> • What to do if they suspect that they or a member of their household has coronavirus (including testing arrangements) • Day to day organisations and procedures including arrangements for cleaning, staff welfare facilities, travel to work 	<p>Low</p>	

				<ul style="list-style-type: none">● The importance of keeping teaching groups separate during the day● Arrangements for breaktimes and lunchtimes● Safeguarding including the continued importance of all staff acting immediately on any safeguarding concerns and any updates to school procedures re: recording concerns, contacting DSL (or Deputy).● Procedures to follow if they suspect that a child in their group is displaying coronavirus symptoms● Changes to school behaviour policies● Curriculum adaptations required re: social distancing● Site security and fire safety including evacuation and lockdown procedures. <p>Use of PPE (where applicable).</p>		
--	--	--	--	---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------	--	--

<p>Individual staff requirements</p>	<p>Concerns from staff in identified work groups</p>	<p>Clinically extremely vulnerable (Shielding)</p>	<p>Fatal/ Major</p>	<p>We have taken note of government guidance (30/12/20) stating that: individuals who are clinically extremely vulnerable are advised to work from home and where this is not possible, they should not go into work. Individuals in this group will have been identified through a letter from the NHS or from their GP and may have been advised to shield in the past, most recently in November 2020.</p> <p>We note that the categories of individuals recommended to shield was extended on 16 February 2021.</p> <p>We will continue to discuss with employees how they will be supported, including to work from home where possible. We will continue to pay clinically extremely vulnerable staff on their usual terms.</p> <p>See: Guidance on shielding and protecting people who are clinically extremely vulnerable from COVID-19 - GOV.UK (www.gov.uk) Guidance on shielding and protecting people who are clinically extremely vulnerable from COVID-19 - GOV.UK (www.gov.uk)</p> <p>We will be flexible in how those members of staff are deployed to enable them to work remotely where possible or in roles in school where it is possible to maintain social distancing.</p>	<p>Low</p>	
--------------------------------------	------------------------------------------------------	----------------------------------------------------	-------------------------	---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------	------------	--------------------------------------------------------------------------------------

				<p>We will review individual staff risk assessments in light of the implementation of the national lockdown and individual circumstances.</p> <p>We note that under current DHSC guidance, informed by PHE, currently advises that CEV individuals should continue to shield after they have been vaccinated</p>		
--	--	--	--	------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------	--	--

	Concerns from staff in identified work groups	Clinically vulnerable	serious	<p>We note that clinically vulnerable staff can continue to attend school where it is not possible to work from home.</p> <p>While in school we will support these staff to follow the protective measures in place in this risk assessment to minimise the risks of transmission. This includes taking particular care to observe good hand and respiratory hygiene, minimising contact and maintaining social distancing in line with the provisions set out in the 'prevention' section of the guidance. This provides that ideally, adults should maintain 2 metre distance from others, and where this is not possible avoid close face to face contact and minimise time spent within 1 metre of others.</p> <p>While the risk of transmission between young children and adults is likely to be low, adults should continue to take care to socially distance from other adults including older children and adolescents.</p>	Med	
		Pregnant women	Serious	<p>We have taken note of government guidance (7/1/21) as follows:</p> <p>Any pregnant woman who is considered to be extremely clinically vulnerable will, in line with national shielding guidance be supported to work at home Until national guidance is revised.</p> <p>If home working is not possible, Pregnant women are considered 'clinically vulnerable' to coronavirus (COVID-19) and therefore require special</p>	Low	

			<p>consideration as set out in the <u>guidance for pregnant employees</u>.</p> <p>We will carry out a risk assessment to follow the Management of Health and Safety at Work Regulations 1999 (MHSW). More information is available on <u>workplace risk assessment for vulnerable people vulnerable people working in other industries</u>.</p> <p>Information contained in the <u>Royal College of Obstetricians and Gynaecologists, Royal College of Midwives guidance on coronavirus (COVID-19)</u> in pregnancy should be used as the basis for a risk assessment.</p> <p>Pregnant women of any gestation will not be required to continue working if this is not supported by the risk assessment.</p> <p>We note that pregnant women from 28 weeks' gestation, or with underlying health conditions at any gestation, may be at greater risk of severe illness from coronavirus (COVID-19). This is because, although pregnant women of any gestation are at no more risk of contracting the virus than any other non-pregnant person who is in similar health, for those women who are 28 weeks pregnant and beyond there is an increased risk of becoming severely ill, and of pre-term birth, should they contract coronavirus (COVID-19). This is also the case for pregnant women with underlying health conditions that place them at greater risk of severe illness from coronavirus (COVID-19).</p>		
--	--	--	-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------	--	--

				<p>All pregnant women will, as part of the risk assessment process be advised to practise frequent thorough hand washing, and cleaning of frequently touched areas in their home or workspace, and follow the measures set out in the system of controls section of this risk assessment to minimise the risks of transmission.</p> <p>Pregnant women are not advised to be vaccinated against COVID-19</p>		
		Those living in a household with someone who is clinically extremely vulnerable	<p>Serious</p>	<p>We will follow government guidance (7/1/21) that states that:</p> <p>People who live with those who are clinically vulnerable or clinically extremely vulnerable can attend the workplace but should ensure they maintain good prevention practice in the workplace and home settings.</p>	Low	

Use of supply teachers and other temporary or peripatetic staff	Potential for the introduction of coronavirus into the school	Pupils & Staff	Serious	<p>We note that it is permissible for supply staff and other temporary workers to move between schools. Ad hoc supply will only be used in exceptional circumstances</p> <p>We will ensure that such staff follow our control measures for the prevention of coronavirus and advise them to take particular care in minimising contact with pupils as far as is practicable.</p> <p>Teachers have been informed to set work that does not contravene the advice for supply staff to maintain a 2m distance</p> <p>Where possible we will endeavour to engage staff on a consistent basis.</p> <p>Regular supply staff will be encouraged to use LFT tests provided by school</p>	Med	
Use of volunteers and outside trainers	Potential for the introduction of coronavirus into the school	Pupils & Staff	Serious	<p>Volunteers and outside may be used to support the work of the school, as would usually be the case.</p> <p>All volunteers will be expected to follow our control measures to reduce the spread of coronavirus. Mixing of volunteers across groups will be kept to a minimum, and they should remain 2 metres from pupils and staff where possible.</p> <p>Regular volunteers will be encouraged to use LFT tests provided by school</p>	Med	
Staff Recruitment	Visitors to school increase the potential for the spread of coronavirus.	Pupils & Staff	Serious	<p>We note DfE guidance advises limiting the number of visitors to school and the recommendation that schools consider a flexible approach to interviews, with alternative options to face to face interviews offered where possible.</p>	Low	

				Where face to face meetings are necessary, we will make clear to candidates that they must adhere to our system of controls including our protocols for the wearing of face coverings.		
1: H Pupil wellbeing						
Management of expectations within the school community	Anxiety within school community re: prevalence and effectiveness of infection control and social distancing measures.	All members of the school community	Serious	<p>Our communication with parents and pupils prior to our return in September and any subsequent attendance on school will include information about:</p> <ul style="list-style-type: none"> • Arrival and departure from school and arrangements for parents to access the site • Arrangements for infection control • Pupil groupings • What school day will look like • Expectations for attendance • Expectations for the wearing of school uniform (government guidance is that this should be worn as usual). • The avoidance of travel to school via public transport at peak times and measures the school are taking to work with parents to alleviate this • Expectations re: any new behaviour systems that we have put in place to support our work in infection control and social distancing • What will happen if there is a case of coronavirus at the school. • Parent surveys will be used to gauge community concerns <p>We are using this as an opportunity to ensure that pupils' emergency contact details are up to date. Government guidance for parents is available at: https://www.gov.uk/government/publications/what-parents-and-carers-need-to-know-about-early-years-providers-schools-and-colleges-during-the-</p>	Low	

				coronavirus-covid-19-outbreak/what-parents-and-carers-need-to-know-about-early-years-providers-schools-and-colleges-in-the-autumn-term		
Pupil wellbeing (THIS HAS BEEN RETAINED AS SOME ASPECTS WILL BE RELEVANT as PUPILS RETURN TO SCHOOL).	Changing family circumstances likely to have an adverse effect of pupil's ability to re engage with school	Pupils and staff	Seriou s	Contact with families has been made by school staff to ensure that they are aware of any potential issues and that relevant support is made available. Staff responsible for pupil groups have been briefed in advance and made aware of any existing support plans/ risk assessments etc, for individual pupils. Plans will be reviewed before the start of term 1 to ensure that pupil's needs are met.	Low	
	Ineffective reintegration of young/ vulnerable pupils who have not been attending school for a number of weeks causes anxiety and distress for parents and pupils	Pupils and staff	Seriou s	Remote contact takes place regularly through planned means including weekly teacher videos, feedback on learning and blog posts. Phone contact from staff during self-isolation will take place at least once in 14 days, but more often based on individual risk factors. As parents will not be able to stay with their children to support their reintegration, we will discuss arrangements on an individual basis where we anticipate difficulties in this area. We will ensure that we have a contact number for the parent so that we can call to ask them to collect their child or provide reassurance to the parent if required.	Low	
	Inadequate understanding or enforcement of pupil behaviour expectations.	Pupils and staff	Seriou s	The school Behaviour Policy has been updated to include expectations re: arrangements for social distancing and movement around school; hygiene rules. Consistent methods of communication ensure that staff, pupils and parents are aware of these.	Low	
	Anxiety from parents and young children when	Pupils and staff	Seriou s	When settling in children new to an early years setting, we will ensure that parents and carers:	Low	

	reintegrating (Early Years)			<ul style="list-style-type: none"> • Are offered an increased ‘window’ for dropping their child to class to enable a more relaxed start to the day with fewer people • Are given access to induction videos and social stories to share with their child ahead of the transition • There are planned opportunities for remote group sessions with the teacher to talk about return to school • wear face coverings, if required, in line with arrangements for staff and other visitors to the setting. <p>We will explain these expectations, verbally or in writing, to parents and carers before or on arrival at our setting.</p>		
Individual pupil medical requirements	Pupils (or their family members) in identified groups.	Extremely clinically vulnerable pupils (shielded)	Fatal/Major	<p>All children still deemed clinically extremely vulnerable are advised not to attend school.</p> <p>https://www.rcpch.ac.uk/resources/covid-19-shielding-guidance-children-young-people</p> <p>Where a pupil is unable to attend school because they are complying with clinical or public health advice, we expect schools to be able to immediately offer them access to remote education. Schools should keep a record of, and monitor engagement with this activity but this does not need to be formally recorded in the attendance register.</p> <p>Where children are not able to attend school as parents are following clinical and/or public health advice, absence will</p>	Low	

				not be penalised.		
	Pupils in identified groups.	Clinically vulnerable pupils	Seriou s	These pupils may attend school if they are categorised as vulnerable or are the children of critical workers and cannot remain at home	Low	
	Pupils in identified groups.	Pupils living in a household with a person who is extremely clinically vulnerable.	Seriou s	These pupils may attend school if they are categorised as vulnerable or are the children of critical workers and cannot remain at home.	Low	
	Pupils in identified groups.	Those living in a household with a person who is clinically vulnerable. (Including pregnant)	Seriou s	These pupils may attend school if they are categorised as vulnerable or are the children of critical workers and cannot remain at home	Low	
1: I Provision of first aid and the administration of medication.						
Provision of first aid		Pupils and staff	Seriou s	<p>We have reviewed our provision for first aid and have ensured that suitably qualified staff are on site at all times.</p> <p>Qualified first aiders are available as required (see below re: EYFS requirements).</p> <p>Where reasonably practicable we will ensure that opportunities for pupils to mix with pupils who are not in their group are limited during the administration of first aid</p> <p>Normal hygiene precautions (handwashing and use of gloves) are taken when administering first aid, unless a dynamic risk assessment made by the first aider concluded the need for PPE due to prolonged close contact to a child or adult in a 'bubble' other than their own</p> <p>See below re: use of PPE and working in close proximity to</p>	Low	

				an injured person.		
Provision for first aid in the EYFS	Inadequate first aid treatment exacerbates injury or pre-existing conditions.	EYFS pupils	Seriou s	<p>EYFS requirements: We note updated EYFS guidance from January 2021 as follows:</p> <p>The requirement for at least one person who has a full PFA certificate to be on the premises at all times when children are present remains in place at all times where there are children below the age of 24 months. Paragraph 3.25 and annex A of the EYFS set out more detail.</p> <p>During any period of intervention relating to coronavirus (COVID-19), if children are aged 2 to 5 within a setting, providers must use their ‘best endeavours’ to ensure one person with a full PFA certificate is on site when children are present. If after using best endeavours they are still unable to secure a member of staff with full PFA to be on site then they must carry out a written risk assessment and ensure that someone with a current first aid at work or emergency PFA certification is on site at all times children are on premises.</p> <p>‘Best endeavours’ means to identify and take all the steps possible within your power, which could, if successful, ensure there is a paediatric first aider on site when a setting is open, as per the usual EYFS requirement on PFA.</p> <p>New entrants (levels 2 and 3) will not need to hold a PFA certificate within their first 3 months in order to be</p>	Low	

				<p>counted in staff: child ratios, during any period of intervention related to coronavirus (COVID-19).</p> <p>Requalification</p> <p>Additionally, if PFA certificate requalification training is prevented for reasons associated directly with the coronavirus (COVID-19) pandemic, or by complying with related government advice, the validity of current certificates can be extended to 31 March 2021 at the latest. This applies to certificates expiring on or after 1 October 2020 and includes paediatric first aiders in provision registered on the General Childcare Register as well as Ofsted registered early years provision. Childminders can also apply this extension.</p> <p>If asked to do so, providers should be able to explain why the first aider has not been able to requalify and demonstrate what steps have taken to access the training. Employers or certificate holders must do their best to arrange requalification training at the earliest opportunity.</p>		
Administration of medication	Illness or injury to those who are unable to access their medication	Pupils and staff	Fatal/major	<p>We have reviewed arrangements in place for the administration of medication and have ensured that staff responsible for groups of children are suitably aware of individual medical requirements as required (see below).</p> <p>School procedures for the administration of prescription and controlled medication will continue to apply. Parents have been advised that they must return any required medication to school; we will check that</p>	Low	

				<p>medication that has remained in school is still in date. Parents have been advised where this is not the case. Staff will wear PPE whilst administering medication if it is not possible to maintain 2m social distancing. Pupils/ students with allergies and/or those requiring medication (including asthma inhalers) will be known to all staff and their requirements identified on class lists for each teaching group. EHC Plans or other relevant Healthcare Plans to be shared with staff responsible for each teaching group. Adrenaline Auto-injectors (AAI) and asthma inhalers to be easily accessible and their whereabouts known by staff and pupils. Pupils requiring these will be placed in a group with a member of staff who has had the relevant training to administer the AAI and recognise the signs of an allergic reaction/asthma attack. They accept that in an emergency the importance of immediate action to save life takes precedence over social distancing. We will provide refresher training for all staff re: the requirements for individual children with known allergies and ensure that those supervising groups of children at lunchtime are aware of the importance of avoiding cross contamination.</p>		
1: J Premises						
Preparation of school building	Failure to complete compliance checks renders the building unfit for use.	All premises occupants	Seriou s	All systems have been recommissioned before re-opening, as would normally be done after a long holiday period. This includes gas, heating, water supply, mechanical and electrical systems, and catering equipment. Our fire safety systems have been checked including and making sure:	Low	

				<ul style="list-style-type: none"> all fire doors are operational the fire alarm system and emergency lights are operational <p>All areas and surfaces have been cleaned and disinfected prior to reopening and if necessary, pest control deployed for insect infestations, particularly in the kitchen and/or food preparation areas. The kitchen has been deep cleaned too prior to reopening and before food preparation resumes.</p> <p>See: Guidance for full opening: schools</p>		
Ventilation (Open windows and doors are recommended as a means of improving air circulation within the building)	Falls from height (open windows)	All premises occupants	Seriou s	Whilst taking into consideration the necessity to increase ventilation by improving air circulation within the building we have advised staff that window opening restrictors must not be removed.	low	
	Additional doors and windows are left open compromising site security/fire safety.	All premises occupants	Seriou s	We have reviewed our site and identified doors that could remain open without compromising fire safety/ and or security. Here, for high risk areas such as kitchens and boiler rooms fire doors will be kept in the closed position. Lower risk rooms such as classrooms and offices may be propped open with removeable things - a weight or wedge - if there are people present who will be tasked with removing it if the alarm goes off and at the end of the day. Door guards etc, will continue to be used to improve circulation in the building (and also reduce the need for touching the door handles).	Low	
	Inadequate ventilation contributes towards the spread of coronavirus.	All premises occupants	Seriou s	We will ensure that our building is heated to a temperature whereby staff and pupils can work comfortably whilst endeavouring to ensure that there are measures in place to ensure good ventilation. This will include closing external doors to avoid unnecessary heat loss from occupied buildings.	Med	

	<p>Open windows in the winter months mean that the temperature in buildings is uncomfortable.</p>		<p>This will be achieved by a variety of measures including:</p> <ul style="list-style-type: none">• natural ventilation – opening windows (in cooler weather windows will be opened just enough to provide constant background ventilation, and opened more fully during breaks to purge the air in the space). Opening internal doors can also assist with creating a throughput of air• natural ventilation – if necessary external opening doors may also be used (as long as they are not fire doors and where safe to do so) <p>Once the school is in operation, we will ensure it is well ventilated and a comfortable teaching environment is maintained.</p> <p>To balance the need for increased ventilation while maintaining a comfortable temperature, the following measures will also be used as appropriate:</p> <ul style="list-style-type: none">• opening high level windows in preference to low level to reduce draughts• increasing the ventilation while spaces are unoccupied (e.g. between classes, during break and lunch, when a room is unused)		
--	----------------------------------------------------------------------------------------------------------	--	----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------	--	--

				<ul style="list-style-type: none"> • providing flexibility to allow additional, suitable indoor clothing. Including advising staff and pupils re: the value of layering clothing. • rearranging furniture where possible to avoid direct drafts <p>Heating will be used as necessary to ensure comfort levels are maintained particularly in occupied spaces</p>		
Use of temporary heaters in staff only work areas	Unguarded devices increase potential for fire and injury to staff and pupils	All premises occupants	Serious	<p>Where temporary devices are deployed, we will ensure that</p> <ul style="list-style-type: none"> • electrical sockets are not overloaded • Heaters are suitably guarded so as not to cause injury to staff and pupils • Cables etc do not form trip hazards • There is a regime in place to ensure that all devices are switched off when not in use and that this is checked at the end of the day. 	Low`	
Emergency Evacuation and lockdown	Failure to follow procedures leads to injury or loss of life.	Pupils and staff	Serious	<p>Measures necessary for additional ventilation of the building have been and will be assessed and will not compromise fire safety or site security arrangements. We have briefed staff who are aware of the measures to take in the event of an emergency evacuation or lockdown. Registers for different groups will be required. Safe evacuation/ lockdown takes priority over the maintenance of social distancing arrangements temporarily.</p> <p>We have briefed staff who are aware of the measures to take in the event of an emergency evacuation or</p>	Low	

				lockdown. Registers for different groups will be required.		
Lettings	School control measures re: cleaning, social distancing etc are compromised leading to increased risk of infection, expense and possible reputational damage.	Pupils Staff Wider community	Seriou s	<p>Where we are satisfied that it would be safe to do so, and in and in accordance with the guidance set out for activities permitted during the lockdown period</p> <p>National lockdown: Stay at Home - GOV.UK (www.gov.uk)</p> <p>we may choose to open up or hire out our premises for use by external bodies or organisations, such as external coaches or after-school or holiday clubs or activities.</p> <p>In doing so, we will ensure that we are considering carefully how such arrangements can operate within our wider protective measures and also have regard to any other relevant government guidance set out in https://www.gov.uk/government/publications/covid-19-guidance-for-the-safe-use-of-multi-purpose-community-facilities/covid-19-guidance-for-the-safe-use-of-multi-purpose-community-facilities</p> <p>Where opening up school leisure facilities for external use, we will do so in line with government guidance on working safely during coronavirus (COVID-19) for providers of grassroots sport and gym or leisure facilities.</p> <p>(See Section 1: N re: operation of Breakfast and After School Clubs)</p>	Low	
	Failure to meet legal obligations re: track and trace	Pupils Staff	Seriou s	Community centres and village halls which may host a variety of social, recreational and cultural activities, must	Low	

		Wider community		<p>collect information for all activities and events taking place within the venue. This should be collected by the person who hires the space. The venue must display an official NHS QR code poster which can be used for every activity that takes place there.</p> <p>https://www.gov.uk/government/publications/use-of-the-nhs-covid-19-app-in-schools-and-further-education-colleges/use-of-the-nhs-covid-19-app-in-schools-and-further-education-colleges</p>		
1: K Curriculum delivery: Music and PE						
Curriculum delivery: Music	Increased likelihood of infection from coronavirus from playing musical instruments and singing.	Pupils and staff	Serious	<p>We have an operating procedure for cleaning any shared percussion instruments.</p> <p>Singing, wind and brass instrument playing can be undertaken in line with this and other guidance, in particular guidance provided by the DCMS for professionals and non-professionals, available at working safely during coronavirus (COVID-19): performing arts.</p> <ul style="list-style-type: none"> • Singing, will not take place in larger groups such as choirs and ensembles or assemblies unless significant space, natural airflow (at least 10l/s/person for all present including audiences) and strict social distancing is in place. • In smaller groups where activities can take place strict social distancing between each singer and player and between singers and players and any other persons e.g.: conductors or accompanists. Current guidance is that if the activity is face to face and without mitigating actions 2m is appropriate. • Pupils should be positioned back to back or side to side when playing or singing (rather than face to face) whenever possible. Position wind and brass 	Low	

				<p>players so that the air from their instrument does not blow into another player.</p> <p>When handling instruments:</p> <ul style="list-style-type: none"> • Increased handwashing is required before and after handling equipment particularly if it is being used by more than one person. • Sharing equipment will be avoided. Any shared equipment including cases, props, chairs and microphones must be disinfected regularly and always between users. • Instruments should be cleaned by the pupils playing them where possible. • Handling of music, parts and scripts to be limited to individual using them only. Pick up and drop off points to be set up rather than passing equipment etc hand to hand. 		
Curriculum delivery: Drama and dance	Increased likelihood of infection from coronavirus	Pupils Staff	Seriou s	<p>In addition to the adherence to agreed pupil groupings particular care will be taken to maintain social distancing.</p> <p>Staff will not physically correct pupils.</p> <p>Lessons will be devised that do not incorporate opportunities for contact between pupils</p> <p>Background or accompanying music will be kept at levels that do not encourage teachers or other performers to raise their voices unduly.</p> <p>Microphones will be used to reduce the need for shouting/ raised voices. If it is necessary to share these they will be cleaned between use by individuals.</p>	Low	

<p>Curriculum delivery: Physical Education</p>	<p>Increased likelihood of infection from coronavirus</p>	<p>Pupils and staff</p>	<p>Serious</p>	<p>We have flexibility to decide how physical education, sport and physical activity will be provided to pupils attending school while following the measures in our system of controls.</p> <p>Pupils will be kept in consistent groups, small equipment will be limited to individual groups and fixed sports equipment cleaned between each use by different individual groups.</p> <p>Schools can hold PE lessons indoors, including those that involve activities related to team sports, for example practising specific techniques, within their own system of controls. However, outdoor activities and sports should be prioritised where possible, and large indoor spaces used where it is not, maximising natural ventilation flows (through opening windows and doors or using air conditioning systems wherever possible) distancing between pupils and paying scrupulous attention to cleaning and hygiene. This is particularly important in a sport setting because of the way in which people breathe during exercise.</p> <p>The ability for schools to offer team sports is likely to be limited. Where we are considering team sports schools must only consider those sports whose national governing bodies have developed guidance under the principles of the government's guidance on team sport and been approved by the government i.e., sports on the list available at grassroots sports</p>	<p>Low</p>	
----------------------------------------------------	-----------------------------------------------------------	-------------------------	----------------	----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------	------------	--------------------------------------------------------------------------------------

				<p>guidance for safe provision including team sport, contact combat sport and organised sport events.</p> <p>We note that competition between different schools will not take place until wider grassroots sport for under 18s is permitted</p> <p>We will refer to advice from organisations such as the Association for Physical Education, Sport England and Youth Sport Trust.</p> <p>We note that schools are able to work with external coaches, clubs and organisations for curricular and extra-curricular activities where we are satisfied that it is safe to do so. We will consider carefully how such arrangements can operate within our wider protective measures.</p>		
<p>1: L Social distancing in the wider school environment</p> <p>The rationale for our approach is set out in a separate operating procedure which will be retained for reference with this risk assessment.</p>						
Arrival and departure from school	Exposure to infection from inadequate social distancing	Pupils and staff	Serious	<p>We will review start/ finish times to keep groups of pupils apart as they arrive and finish school. This will not involve the loss of teaching time</p> <p>With reduced numbers and pods spaced across the site, staggered start and finish times should not be required.</p>	Low	
Circulation within the building	Exposure to infection from inadequate social distancing	Pupils and staff	Serious	<p>We will arrange for pupils to access rooms directly from outside where possible.</p> <p>Circulation routes around the school have been reviewed. Where possible there are one-way circulation routes in corridors and stairways.</p> <p>Arrangements are in place to stagger breaktimes and lunchtimes to reduce numbers accessing circulation routes.</p>	Low	

Lunchtimes	Exposure to infection from inadequate social distancing during preparation and serving of food (catering staff)	Pupils and staff	Serious	Liaison with catering contractors is in place. Our own catering staff arrangements for social distancing have been implemented.	Low	
	Exposure to infection from inadequate social distancing: Collection of food by pupils and eating arrangements	Pupils and staff	Serious	Pupils will enter the lunch area in their existing groups. Groups to be kept apart as far as possible. Fixed 'proximal groups' in place with increased spacing and ventilation We have addressed the potential for eating in classrooms and will use/use this option if necessary, as long as suitable levels of supervision can be achieved and cleaning is carried out before and after the consumption of food.	Med	
Breaktimes	Exposure to infection from inadequate social distancing: breaktimes	Pupils and staff	Serious	Outside areas can be shared but pupils will remain in their distinct groups. Different groups of pupils must not play sports or games together. Outdoor equipment will be cleaned regularly. Multiple groups of children will not use it simultaneously.	Low	
Public performances	Exposure to infection from inadequate social distancing.	Pupils Staff Wider community	Serious	We will not host performances with an audience during the lockdown period	Low	
Educational visits	Exposure to infection from inadequate social distancing etc	Pupils and staff	Serious	We will not undertake any educational visits during the lockdown period.	Low	
1:M Social distancing: Offices and shared staff areas						
School Reception areas	Exposure to infection from inadequate social distancing: visitors to school.	Pupils and staff	Serious	Any visitors to site are to be by appointment only. Parents have been advised that they should call the office rather than coming into school.	Med	

				<p>Door entry systems to be adjusted so that visitors cannot enter the reception area where there is not a physical barrier between office staff and visitors.</p> <p>Signage has been erected to advise visitors of social distancing protocols.</p> <p>Consultations with parents/ outside agencies etc, to take place over the phone/ video conferencing where feasible. If this is not possible 2m social distancing will be observed in any consultation room and the room cleaned after use.</p> <p>Payments to be online/ contactless where possible. Office staff to wear gloves when handling cash.</p> <p>Staff signing in arrangements are separate to visitor signing in. In both cases sanitiser available to clean hands before and after use</p> <p>Hand sanitiser will be provided to all persons entering premises with signage to explain control measures etc.</p>		
	Exposure to infection from deliveries arriving at the school.	Staff	Seriou s	<p>Clear guidance for delivery drivers to be placed at the school entrance to include advising the school reception by phone of their arrival.</p> <p>School staff will advise the delivery driver of a safe space to leave the goods and must not come into contact with the driver.</p> <p>Where it is not feasible to quarantine deliveries staff must wash their hands after unpacking items and dealing with waste packaging.</p>	Low	
	Violence and aggression towards school staff causes injury and distress	Pupils and staff	Seriou s	<p>We will maintain transparency and regular contact with all members of the school community.</p> <p>Regular briefings/updates for all staff so that they are aware of school response to the COVID 19 virus and can communicate consistently to those who ask.</p> <p>Readiness to deploy the range of behaviour remedies if behaviour becomes unacceptable from warning to full banning from site/sect 547 warnings/action.</p>	Low	

Other work areas	Exposure to infection from inadequate social distancing: other work areas	Staff	Serious	<p>We are continuing the opportunity for working from home for PPA time/ office staff where work does not involve direct contact with pupils, etc.</p> <p>Staff meetings will be held in rooms with adequate space and ventilation adhering to 2m social distancing guidance. Remote access will be made available on request.</p> <p>Furniture reconfigured in staff areas to allow 2m distancing has been implemented.</p> <p>All areas are cleaned regularly, a dishwasher is available for cleaning crockery, utensils etc.</p> <p>ICT equipment should not be shared. If this is not possible keyboards and work areas must be cleaned between use.</p>	Low	
Contractors working on the premises.	Exposure to infection from inadequate social distancing/ hygiene arrangements	All	Serious	<p>All contractors working on the premises will be required to follow control measures listed for visitors above. Where possible they will be required to visit after school hours.</p> <p>For areas where there are larger scale building projects in place, contractors will remain entirely separate from the school community.</p>	Low	
1: N Afterschool and breakfast clubs						
Afterschool and Breakfast Clubs	Arrangements for infection control, social distancing etc are not practised at Breakfast and Afterschool Club thus increasing the risk of infection within the school community.	All members of the school community	Serious	<p>We will continue to offer this provision for children attending our site.</p> <p>Guidance for may be found as follows:</p> <p>https://www.gov.uk/government/publications/protective-measures-for-holiday-or-after-school-clubs-and-other-out-of-school-settings-for-children-during-the-coronavirus-covid-19-outbreak/protective-measures-for-out-of-school-settings-during-the-coronavirus-covid-19-outbreak</p> <p>Control measures re: hygiene, cleaning etc set out above will be followed. Children will remain in their year group or</p>	Low	

			<p>bubbles where possible. Otherwise we will group children in small consistent groups. We will retain records of attendance and groupings.</p> <p>Multiple groups may use the same space with distancing between the groups. Here other protective measures set out within this risk assessment will be in place</p> <p>Groups must be set to ensure Infant and Junior pupils are not in the same indoor space.</p> <p>As with physical activity during the school day, contact sports should not take place Guidance for September 2020 may be found as follows:</p> <p>https://www.gov.uk/government/publications/protective-measures-for-holiday-or-after-school-clubs-and-other-out-of-school-settings-for-children-during-the-coronavirus-covid-19-outbreak/protective-measures-for-out-of-school-settings-during-the-coronavirus-covid-19-outbreak</p> <p>As children who were aged 11 and above on 31 August 2020 are recommended to wear face coverings when they are being educated or cared for in classrooms or during activities, where social distancing cannot be maintained we will maintain this within our provision should this be relevant.</p>

Part 2: Maintaining educational provision in the event of a local outbreak

What is the Task/Activity or Environment you are assessing?	What Hazards are present or may be generated? (Use a row for each one identified)	Who is affected or exposed to hazards?	What Severity of Harm can reasonably be expected? (See Table 1)	What Precautions (Existing Controls) are already in place to either Eliminate or Reduce the risk of an accident happening?	What Likelihood is there of an accident occurring? (See Table 1)	What is the Risk Rating ? (See Table 2 and 3)
Maintaining contact with pupils staying at home	Safeguarding concerns are not reported; pupil/ student is placed at risk.	All	Serious	Concerns may become apparent during interaction in the community, online communication etc	Low	

				All school staff to be aware of arrangements in place for contact school DSL/ Deputies during the closure period.		
	Enhanced risks to pupils re: online safety resulting from increased internet exposure; working remotely without access to support from peer group and school	Pupils	Serious	School to provide information to parents and pupils re: online safety. Including encouraging parents to set up age-appropriate parental controls and internet filters as applicable. Also signposting to support available for reporting bullying and online abuse. School to make parents aware of sites they are asking their children to use and school staff their child will interact with.	Low	
	E-Safety. Inappropriate staff contact with pupils/ students	Pupils	Minor to Serious	School E-Safety Policies continue to apply. Remote learning procedures must be adhered to Communication must only take place through school channels approved by the senior leadership team. Staff must not make informal arrangements to contact students using their own phones/ devices etc.	Low	
	Injury or contamination of staff undertaking home visits. Vulnerable pupils/ students are 'missed' through lack of contact etc.	Visiting staff	Serious	Staff to follow government guidance on social distancing. Speak to families on the door step or through a window if they are self-isolating. Any home visit will be carried out by 2 members of staff subject to risk assessment associated with that home, location and family profile. School Lone Working Procedures to be followed (including the maintenance of a school contact during the visit). Where the family is self-isolating ask that the child comes to the window so that they can be seen by professionals. If phoning families we will speak to the child as well.	Low	

PART 3: Arrangements for staff working from home during a local outbreak

What is the Task/Activity or Environment you are assessing?	What Hazards are present or may be generated? (Use a row for each one identified)	Who is affected or exposed to hazards?	What Severity of Harm can reasonably be expected? (See Table 1)	What Precautions (Existing Controls) are already in place to either Eliminate or Reduce the risk of an accident happening?	What Likelihood is there of an accident occurring? (See Table 1)	What is the Risk Rating ? (See Table 2 and 3)
Use of display screen equipment e.g.: laptop, desktop etc.	Back/neck/wrist injury from poor posture and use of equipment over a prolonged period of time.	Staff working from home	Serious	We follow guidance from HSE (March 2020) as follows: For those people who are working at home, the risks associated with DSE must be controlled. This includes doing home workstation assessments.	Low	

				<p>However, there is no increased risk from DSE work for those working at home very temporarily.</p> <p>We have provided workers with advice on completing their own basic assessment at home using: www.hse.gov.uk/pubns/ck1.pdf</p> <p>We advise staff that there are some simple steps to be taken to reduce the risks from display screen work:</p> <ul style="list-style-type: none"> ● breaking up long spells of DSE work with rest breaks (at least 5 minutes every hour) or changes in activity ● avoiding awkward, static postures by regularly changing position ● getting up and moving or doing stretching exercises ● avoiding eye fatigue by changing focus or blinking from time to time. 		
Data protection	Data breach exposes staff or students to risk of harm. Data breach is undetected.	All	Serious	All staff have received GDPR training and are aware of their responsibilities re: use and transfer of personal data. School Data Protection Policies and Procedures apply. Staff are aware of their responsibilities for reporting a data breach to relevant staff at school. Our DPO is involved if required.	Low	
Workplace stress exacerbated by social isolation.	Depression Anxiety and other forms of mental illness	Staff working from home	Serious	<p>Opportunities are in place for regular contact from line managers and colleagues. Albeit remotely via online methods.</p> <p>Access to counselling services is provided by SAS and EAP. All staff have been provided with details of this for use at home.</p>	Low	

Action plan:

What is the Hazard you need to Control? (medium to high from the risk rating above)	What additional precautions do you need to either eliminate or reduce the risk to an acceptable level?	Who is responsible for implementing these controls?	When are these controls to be implemented (Date)?	When Were these controls implemented (Date)?
High 1 Staff anxiety	Staff to be invited to a 1-1 meeting with their line manager or the Headteacher to review their personal risk assessment at least once per term, including use of the BMA assessment tool Repeated offer of SAS or EAP to support with managing anxiety Occupational Health referral if required	GF BSt	4th November review meetings w/b ½ and 8/3	
MEDIUM item 1 1A Person contracts coronavirus as a result of direct contact with an infected person (or an	Frequent parent communication with key controls listed and links to current government guidance Share and discuss updated operating procedures with school staff regularly during briefings	GF	24.2.21	24.2.21 ongoing

asymptomatic person) entering the premises.				
MEDIUM item 2 1A Contact with those developing symptoms of the virus during the working day.	Frequent parent communication (at least monthly, inc. the start of each term)with key controls listed, expectations for engagement in Test and Trace and links to current government guidance Share and discuss updated operating procedures with school staff during briefing Stock check on PPE and maintaining adequate future supplies	GF GF BS and HW	March 8th 2021 staff weekly briefings	2.3.21
MEDIUM item 4 1C Too many people on site increases likelihood of exposure to coronavirus	Classroom layouts to maximise opportunities for teachers to socially distance from children and to reduce aerosol transfer as appropriate to Key Stage Behaviour policy addendum to be circulated to staff and outside providers and shared with families Grouping of children and on-site distancing We have identified all the reasonably practicable control measures available and will actively monitor the issue in operation.	SLT	September 2020 Addendum Review end of Term 1 Reviewed 3rd march 2021	September 2020 5th march ongoing
MEDIUM item 5 Clinically vulnerable Staff (inc expectant mothers) anxiety re: returning to work and potential exposure to the virus.	Regular review of personal risk assessment to discuss reasonable adjustments Provide meeting time to discuss operational procedures and controls in place Regular signposting to EAP and SAS advice services Referral to Occupational Health for further advice if required follow government and BCC HR advice in regard to expectant mothers being supported to work from home form 28 weeks pregnancy	GF BSt	September 2020 Review meetings w/b 1.3.21 and 8.3.21	September 2020 Review meetings each term

MEDIUM item 6 1G Potential for the introduction of coronavirus into the school (Supply staff)	Ad Hoc supply only to be used in exceptional circumstances Teaching staff informed to plan activities than do not contravene advise to maintain 2m distance Regular supply teacher to wear a visor Provide induction time to discuss operational procedures and controls in place	SLT Office staff	Updated March 2021	3.3.21
MEDIUM item 7 1h Anxiety of families of pupils living with Clinically vulnerable adults (including expectant mothers)	Frequent parent communication with key controls listed and links to current government guidance Publication and implementation of contingency plan for remorse-learning	GF BSt SLT	September 2020 JANUARY 2021	September 2020 7.1.21
MEDIUM item 8 Temperature in school making the environment uncomfortable for staff and children	Heating to be in place during the school day to maintain a reasonable temperature External doors to be kept closed Staff and parent communication about the need for additional clothing to be available for indoor use	DG GF	October 2020	October 2020
MEDIUM item 9 1L Arrival and departure	Frequent parent communication with key controls listed and links to current government guidance Signage in playground to include introduction of large banner Available staff to be outside to support parents in following new routines	GF BSt	September 2020 24.2.21	September 2020 ongoing
MEDIUM item 10 Exposure to infection from inadequate social distancing: Collection of food by pupils and eating arrangements	We have identified all the reasonably practicable control measures available and will actively monitor the issue in operation. Option to revert to classroom lunch eating of cold	SLT BSt	September 2020 Reviewed 3.3.21	8.3.21

	meals			
MEDIUM item 11 1 M Exposure to infection from inadequate social distancing: visitors to school.	Wherever possible visitors to be pre-arranged, where unavoidable e.g Fixed-Term exclusion or extenuating circumstances e.g. safeguarding requirement; avoidance of times and spaces where staff or pupils may be met will be a control Visitors to be wear face coverings and be expected to use hand sanitiser on entrance and exit to school	SLT Office staff	September 2020	September 2020

Table 1: Definitions

Potential Severity of Harm	Meaning of the harm description	Likelihood/Probability of Harm	Meaning of likelihood/probability
-----------------------------------	---------------------------------	---------------------------------------	-----------------------------------

Fatal/Major Injury	Death, major injuries or ill health causing long term disability/absence from work.	High (Likely/probable)	Occurs repeatedly/ to be expected.
Serious Injury	Injuries or ill health causing short-term disability/absences from work (over three days absence)	Medium (possible)	Moderate chance/could occur sometimes.
Minor Injury	Injuries or ill health causing no significant long-term effects and no significant absence from work.	Low (unlikely)	Not Likely to occur

Table 2: Risk rating matrix: Potential severity of harm + Likelihood/ probability of Harm = Risk rating

	High (Likely/Probable)	Medium (Possible)	Low (Unlikely)
Fatal/Major Injury	VERY HIGH	HIGH	MEDIUM
Serious Injury	HIGH	MEDIUM	LOW
Minor Injury	MEDIUM	LOW	LOW

Table 3: Action required: Key to ranking and what action to take

VERY HIGH Risk	STOP ACTIVITY! Take action to reassess the work/activity and apply reduction hierarchy before proceeding.
HIGH Risk	Action MUST be taken as soon as possible to reduce the risks and before activity is allowed to continue.
MEDIUM Risk	Implement all additional precautions that are not unreasonably costly or troublesome within an agreed timeframe. Reduce risk to a tolerable level.
LOW Risk	Monitor and review your rolling programme.
