## 28th January Bulletin

### Headteacher update:

I have heard about life in school from afar this week as I have been at home isolating since Tuesday, but am pleased to say that it has been a great week. We had our local authority advisor join two governors and members of our leadership team for a learning walk yesterday. The highlight of the feedback for us was that children were seen to be curious, engaged, challenged and above all welcoming and happy to share their learning. At Henleaze Infants we know that these life-long learning skills are equally, if not more important than subject specific knowledge and skills, so very proud that they are easily identified by external visitors

I also enjoyed highlights of the wider curriculum learning that was observed in school. From learning about the geography of the UK to landscape painting skills, from categorisation of materials to the history of space transport and how materials are used, there was a wonderful breadth of learning that I hope you have been hearing about from your children. If not, ask!

Have a great weekend.

Best wishes,

Gemma Fricker

Photos and information about what has been happening in classes, the learning plans as well as important messages from

### Coming up:

[Click below for the school calendar](#)

(there was no recording of the assembly this week due to tech issues)

Class 1. Edith

Class 2. Joey

Class 3. Joseph

Class 4. Amara

Class 5. Daniel

Class 6. Rory

Class 7. Henry

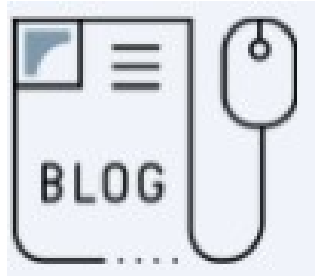

Class 8. Aneesah

Class 9. Austin

### Class of the Week: Class

**8** for showing super learning skills and being complimented by our visitors this week for their

Classes, the learning plans as well as important messages from teachers are all found in the class blogs ([click below](#))

**Curriculum Update: History**

Year 2 have been researching Tim Peake and Mae Jemison as part of their space topic; learning about significant individuals in history. For even further inspiration and hopefully to encourage a new generation of astrophysics or astronauts, they had the amazing opportunity to meet a relative of Jack in Class 7 who works for NASA via Zoom this afternoon. We're really grateful that Kerry took the time to speak to the children and know that this will inspire them to find out even more about the exciting world of space travel.

**Important Messages:**

**Rising numbers of community covid-19 cases:**

We have increasing numbers of Covid across the school this week. We will communicate updates in classes and expect parents to support daily testing for their child where they are identified as a close contact.

Please continue to follow school, guidelines for wearing face coverings in our grounds during busy times and where possible to use community tests to identify asymptomatic cases in your family.

**Respecting the Reception outdoor learning environment:**

Please could parents not allow children to play on the Reception equipment set out in the mornings and afternoons before and after school.

**HENSA event**

Friday 11th February 2022 11.00am - 12.00pm

curiosity and engagement in their space topic.

**Read for the Stars Bronze Award**

In a fantastic achievement **32 children** reached the end of their first book mark to achieve the bronze certificate this week. See class blogs for who has 'read for the starts' this week.

**Congratulations everyone!**

**FHIS:**

Pre-Covid the May fair was a regular and fun event in the FHIS. Together with the Junior's PTA we're hoping to put a team together to once again run our popular May fair. Are you able to get involved?

We also have smaller events, committee roles and one off tasks that can only happen if we have a few more volunteers. Follow the link to sign up to anything that you are

interested in or email the FHIS team if you prefer to chat to find out more details, [fhisinfo@gmail.com](mailto:fhisinfo@gmail.com)

news on the FHIS webpage:

**Employment opportunity**

Henleaze Infant School is proud to be a member of the NW24 Teaching and Learning Partnership. This is a network of schools in the North West sector of the city of Bristol. We work closely together to make sure that all of our schools are as good as they can be. Headteachers, business managers and governors each have networks for sharing information and good practice, teachers benefit from shared resources and training, and children get to take part in network competitions and activities. We need a **new administrator** to help all this happen. It is a part time role, with flexible working hours, and it lends itself to home working. If you would like to know more about the job and whether it would suit you, take a look at the [job advert](#), or arrange a conversation with Adam Barber at HJS, who chairs the partnership. The deadline for applications is Monday 31st January.

**Breakfast Club Spaces**

We have spaces on a Monday and Friday at Breakfast Club for anyone looking for childcare between \*;00 at the start of the school day.

To book breakfast club, after school club or sports enrichment click below. To see more enrichment opportunities visit our [extra-curricular clubs page](#).
